Mission and Distinctives

A Classical Christian School

Our mission at Paideia Academy is to assist parents and students by utilizing the classical tools of learning integrated with a distinctly Christian worldview in a challenging and nurturing environment.

We employ proven classical and Christian methods and curricula modeled on the medieval Trivium. The goal is to educate students not in what to think primarily; but in how to think thoroughly, maturely, and biblically.

Core Omnibus Program: Students in grades 7-12 are provided a historically substantive and rigorous liberal arts education that draws deeply from the history and culture of Western Civilization. They are socratically led in the study of the Great Books, consisting of two cycles through the ancient, medieval and modern time periods.

Ancient Languages: Latin 3rd-10th grades, New Testament Greek 11th and 12th grade.

Graduation Requirements

Bible: 5 credits	Science: 4 credits	Classical Language: 4 credits
Math: 4 credits	History: 4 credit	Art, P.E., Music: 1 credit each
English: 4 credits	Rhetoric: 2 credits	Senior Speech Act: 1 credit

Although 28 credit hours are required for graduation, most students complete 31.

Honors and Class Rank

Paideia students achieve grades through hard work and dedication. As the Omnibus curriculum meets or exceeds most college course expectations for this type of study, grades in these courses are based on our honors scale. Honors courses receive an additional 0.5 quality point. Additionally, students receive up to 18 hours of college credit for dual enrollment courses completed through an academic partnership with Bryan College.

Class sizes are small, with a faculty to student ratio of 1:12. Therefore class rank is not meaningful outside of our institution.

National Achievement

Average SAT Scores:	Average ACT Scores:
Reading, 703	English, 30
Math, 580	Math, 27
Writing, 707	Reading, 28
National Merit Commended Student 17%	Science, 27

Hall Model

Our hall or “house” model is primarily a *cultus virtutis* (a culture of virtue). Students are divided into three halls, each with its own colors and ceremonial practices. The halls provide students with a setting for spiritual, academic, and relational growth. The halls:

- ◆ Cultivate classical virtues
- ◆ Promote student relationships across grade levels
- ◆ Provide avenues for student body leadership
- ◆ Participate in intramural athletic competitions
- ◆ Integrate community service
- ◆ Engage in debate and symposium presentations

Junior Thesis, Guilds, Senior Speech Act

Junior Thesis: Junior year students choose a specialized field of interest, explore the philosophical and historical foundations of that field, and organize their research into a 20-40 page thesis.

Guilds: In the Senior year students engage with the local community through student internships in a mentor-directed guild program. Apprentices spend approximately 5 hours a week with their mentors.

Senior Speech Act: The work accomplished in the Junior thesis and internship opportunities will culminate in a project (senior speech act), which is a year-long activity dedicated to creating and living out the written thesis from the junior year.
